

# How to Find Academic Documents for Papers/Projects Online

Last Modified on 04/23/2020 1:57 pm EDT

While constructing a paper or project, it is essential you have enough evidence to back up your claims. The Frazar Memorial Library has many resources to maximize your research.

1. Go to your MyMcNeese homepage and click "Library" on the ribbon

On the Library page, you are given many resources to find academic documents. If the library was open, you can use the "Search in Library Only" tab to find the exact Location, Section, and Call No. a document is located in Frazar Memorial Library. If under unusual circumstances or the preference of finding materials online, the Frazar Memorial Library is still there to help.

2. Under "Top Databases," you can click any site to view academic documents for free online. You will need your McNeese ID Number and Pin to access these databases.

Your User ID is your Banner Number. Your PIN, if you do not remember, can be obtained by clicking the "My Account" link and selecting "Email Me My Pin"
