

Computer Labs

Last Modified on 12/09/2019 5:20 pm EST

Open-access computer labs, provided by the University and the Technology Advancement Student Committee (TASC), are available for student use. TASC, funded through a student self-assessed fee dedicated to the purchase, upkeep, and management of technology for student and academic support, also operates the TASC Help Desk which assists students with password and computer-related issues. The TASC Help Desk, located in the Holbrook Student Union, can be contacted at (337) 475-5995 or helpdesk@mcneese.edu.

The Academic Computing Center, located in Kirkman Hall rooms 117E and 117D, is an open-access computer lab provided by the University. The computing center contains resources necessary to use current operating systems, such as Linux clusters and servers, apple-based computing, and Microsoft products, and consists of numerous computers, printers, scanners, as well as the user's choice of operating systems and software such as Open Office or Microsoft Office. Additional information, including hours of operation, can be obtained at acc.mcneese.edu.

The Holbrook Ranch Computing Center, located in the Holbrook Student Union, is an open-access computer lab provided by TASC. The lab consists of approximately 65 computers, three flatbed scanners, and three laser printers. Additional information, including hours of operation, can be obtained at www.mcneese.edu/tasc/holbrook%20ranch%20computing%20center.

The Library Computing Center, normally housed on the second floor of the library, is an open-access computer lab provided by TASC. Due to library renovations, the Library Computing Center has been temporarily relocated to the Azalea Room in the Student Union Annex. The lab's hours of operation are the same as those of the Parra Ballroom library location. Additional information, including hours of operation, can be obtained at library.mcneese.edu or www.mcneese.edu/tasc/library%20computing%20center.
