

Student Multicultural Programs

Last Modified on 12/09/2019 5:40 pm EST

The Student Multicultural Programs Office offers resources and services to create awareness and appreciation for diverse cultures and viewpoints represented within the student body and campus community. Multicultural Week, Black History programs, *Women's Empowerment Luncheon*, *Louisiana Culture Night*, *Taste the Nations*, and similar events are conducted throughout each academic year to engage and inform students, promote greater understanding, and foster student success through a well-rounded co-curricular educational experience. University-community linkages are also forged by engaging key local stakeholder groups in activities that foster local and global awareness. The Student Multicultural Programs Office is located in the Holbrook Student Union.
