

How to look up a specific class through Degree Works

Last Modified on 04/01/2020 4:04 pm EDT

Instead of thumbing through the tedious "Class Search" option, you can access your specific classes and their available times right through Degree Works.

Steps to access:

1. Go to McNeese homepage
 2. Click Banner Self-Service tab
 3. Click Degree Works link
 4. Scroll up and down your Degree Dashboard and look for **red** "not complete" circles
 5. Click on the **blue** class link that sits parallel to the red circles (ex. MKTG 320)
 6. Look at the CRN, Section, and Class Times in order to construct your schedule/consult with your advisor
